Financial Services Guide

Date 1st March 2025

Version 1.2

Purpose and content of this Financial Services Guide (FSG):

1. To assist you to determine whether to use any of the services described herein;
2. This FSG includes details of how we and our associations are remunerated for our services;
3. This FSG contains details about how complaints against us will be handled.

As part of our delivery of services to you we may prepare a Statement of Advice (or a Record of Advice) and possibly provide you with one or more Product Disclosure Statements prepared by one or more product issuers. Where we prepare a Statement of Advice we will always provide you with a copy. Where a record of advice is prepared (e.g. as part of an ongoing service arrangement with you) we will keep a copy in our files and you are free to request (at no cost) a copy up to 7 years after the date of that record's creation.

Lack of Independence Disclosure Notice:

We can't call ourselves independent. Here's why.

The law makes it very difficult for most advisers to say they are independent, unbiased or impartial, even if they are not in any way linked to a financial product provider (like a bank).

If, for example, an adviser gets paid a commission to help a client arrange some insurance they are automatically prohibited from calling themselves independent. Most advisers who receive those commissions charge their clients very little (if anything) for the advice or the help they provide putting a policy into place. From time to time we receive these commissions.

So although we always put your interests before ours when giving advice we cannot (by law) call ourselves independent, unbiased or impartial.

The fees charged for our advice services may be based on a combination of:

- A set dollar amount; and/or
- A percentage of the funds that you invest.

Our advice fees may include charges for the following advice services:

Initial advice – The initial advice fee covers the cost of researching and preparing your financial plan and is based on a set dollar amount. Before providing you with initial advice we will prepare a Client Servicing Agreement. The Client Servicing Agreement sets out what our initial advice will cover and how much it will cost you. In addition, the initial advice fee will be disclosed in your SOA.

Advice implementation – The advice implementation fee covers the administrative time spent implementing the recommended strategies and products and is based on a set dollar amount. The advice implementation fee will be disclosed in your Initial Advice Agreement or in your SOA.

Ongoing advice – The ongoing advice fee covers the cost to review the strategies and the products recommended in your SOA. An ongoing review helps you take advantage of opportunities as they become available. The ongoing advice fee is calculated as either a set dollar amount, a percentage of your investments, or a combination of both. Ongoing advice fees may increase each year in line with the Consumer Price Index (CPI) or by a fixed amount or fixed percentage each year. We will advise you when this fee will increase. Before providing you with ongoing advice your adviser will prepare a Client Servicing Agreement. This agreement sets out our ongoing advice offer, which includes the advice and services we will provide, as well as frequency these will be delivered, how much it will cost, your payment method and how the service can be terminated. In addition, the ongoing advice fee will be disclosed in your SOA.

Additional advice – For all other advice, an additional advice fee may be charged based on a set dollar amount. Any additional advice fee will be disclosed in your SOA.

Commission – Please note that for services in relation to insurance, commissions may be paid as follows:

Upfront commission – this commission is paid by the insurance product providers directly to Eagle Street Advisory on the commencement of your insurance policy. It is calculated as a percentage of the annual premium. This commission, if applicable, will be disclosed to you in your SOA;

Ongoing commission - this commission is paid by the insurance product providers, monthly or annually, directly to Eagle Street Advisory for existing insurance policies. It is calculated as a percentage of the annual premium. This commission, if applicable, will be disclosed to you in your SOA.

Your advice fees will be calculated at the time we provide you with personal advice. Your SOA will outline the advice fees and any commission inclusive of GST.

Payment Method & Frequency

We offer you the following payment terms:

- Direct Credit;
- Direct Debit;
- Deduction from your investment;
